The fourth and final installment in the spellbinding series from the irrepressible, #1 New York Times bestselling author Maggie Stiefvater. All her life, Blue has been warned that she will cause her true love's death. She doesn't believe in true love and

never thought this would be a problem, but as her life becomes caught up in the strange and sinister world of the Raven Boys, she's not so sure anymore. In a starred review for *Blue Lily, Lily Blue*, Kirkus Reviews declared: "Expect this truly one-of-a-kind series to come to a thundering close." The New York Times–bestselling author's historical saga of a family of healers—from Dark Ages London to Civil War America to modern-day Boston. In *The Physician*, an orphan in eleventh-century London, Robert Cole, becomes a fast-talking swindler. As he matures, his strange gift—an acute sensitivity to impending death—never leaves him, and he yearns to become a healer. Arab madrassas are the only authentic medical schools, and he makes his perilous way to Persia. Christians are barred from Muslim schools, but by claiming he is a Jew, he studies under the world's most renowned physician, Avicenna. Cole's journey and love for a woman who must struggle against her only rival—medicine—make *The Physician* a riveting modern classic. In *Shaman, Dr. Robert Judson Cole*, nineteenth-century descendent of the first Robert Cole, travels from his ravaged Scottish homeland, through the operating rooms of antebellum Boston, to

the cabins of frontier Illinois. In the wilderness he befriends the starving remnants of the Sauk tribe, who have fled their reservation. In the process, he absorbs their culture and learns native remedies that enrich his classical medical education. He marries a remarkable settler woman he had saved from illness. The Cole family is drawn into the bloody vortex of the Civil War, and their determination to survive in the midst of wilderness and violence will stay with the reader long after the final page. In *Matters of Choice*, Roberta Jeanne d'Arc Cole is the latest first-born descendant of Dr. Robert Cole. Favored to be named associate chief of medicine at a Boston hospital, she is married to a surgeon and owns a trophy residence in Cambridge as well as a summer house. But everything melts away. Her gender and her work at an abortion clinic cost her the hospital appointment. Her marriage fails. Crushed, she goes to her farmhouse in western Massachusetts, thinking to sell it, and finds an unexpected life. How she continues to fight for every woman's right to choose, while acknowledging her own ticking clock and maternal yearning, makes this prize-winning third story of the Cole

trilogy relevant and unforgettable. Mara Dyer believes life can't get any stranger than waking up in a hospital with no memory of how she got there. It can. She believes there must be more to the accident she can't remember that killed her friends and left her strangely unharmed. There is. She doesn't believe that after everything she's been through, she can fall in love. She's wrong. Mara wakes from a coma in hospital with no memory of how she got there or of the bizarre accident that caused the deaths of her best friends and her boyfriend, yet left her mysteriously unharmed. The doctors suggest that starting over in a new city, a new school, would be good for her and just to let the memories gradually come back on their own. But Mara's new start is anything but comforting. She sees the faces of her dead friends everywhere, and when she suddenly begins to see other people's deaths right before they happen, Mara wonders whether she's going crazy! And if dealing with all this wasn't enough, Noah Shaw, the most beautiful boy she has ever seen can't seem to leave her alone... but as her life unravels around her, Mara can't help but wonder if Noah has another agenda altogether... "Haunting and dreamlike... the

intrigue and romance will inescapably draw you in" - Cassandra Clare, bestselling author of The Mortal Instruments series. In this apocalyptic finale to the Shaw Confessions, the companion series to the New York Times bestselling Mara Dyer novels, alliances will be tested, hearts will be broken, and no one will be left unscarred. Noah's confessions end here. Noah Shaw wants to start over without being haunted by his past. He can't. Despite his recent losses, he's sure he knows who he can trust. He doesn't. He thinks he's finally found his happy ending. He's wrong. An orphan leaves Dark Ages London to study medicine in Persia in this "rich" and "vivid" historical novel from a New York Times–bestselling author (The New York Times). A child holds the hand of his dying mother and is terrified, aware something is taking her. Orphaned and given to an itinerant barber-surgeon, Rob Cole becomes a fast-talking swindler, peddling a worthless medicine. But as he matures, his strange gift—an acute sensitivity to impending death—never leaves him, and he yearns to become a healer. Arab madrassas are the only authentic medical schools, and he makes his perilous way to Persia. Christians are barred from Muslim schools,

but claiming he is a Jew, he studies under the world's most renowned physician, Avicenna. How the woman who is his great love struggles against her only rival—medicine—makes a riveting modern classic. The Physician is the first book in New York Times–bestselling author Noah Gordon's Dr. Robert Cole trilogy, which continues with Shaman and concludes with Matters of Choice. In the first book of the Shaw Confessions, the companion series to the New York Times bestselling Mara Dyer novels, old skeletons are laid bare and new promises prove deadly. This is what happens after happily ever after. Everyone thinks seventeen-year-old Noah Shaw has the world on a string. They're wrong. Mara Dyer is the only one he trusts with his secrets and his future. He shouldn't. And both are scared that uncovering the truth about themselves will force them apart. They're right. With his sharp eye and gentle wit, Noah Adams doesn't just tell stories, he lets them unfold quietly, powerfully, and eloquently. Now the beloved host of NPR's All Things Considered and bestselling author of Piano Lessons takes us on a river journey through the heart of Appalachia--a journey shared by pioneers and preachers, white-water

daredevils, bluegrass musicians, and an unforgettable cast of vivid historical characters. Noah Adams has Appalachia in his blood. A native of eastern Kentucky, he comes to the headwaters of the New River not just in search of adventure but to better understand his own unique heritage.

Following the New River from its mile-high source on North Carolina's Snake Mountain to its West Virginia mouth, Adams travels by Jeep and by bicycle, by foot and, most thrillingly, by white-water raft to explore the history, natural beauty, and fascinating characters waiting around every bend and turn. Distilling history from legend, Adams tells of men and women whose lives crossed the New River before him: Daniel Boone, fleeing his farming family in search of wilderness; Cherokee Indians driven west on their Trail of Tears; and the ill-fated men who traveled thousands of miles to work on the Hawk's Nest Tunnel, making a fortune for a company while their lungs filled with deadly silica dust. And along the way Adams follows the echoes of his own distant heritage, interweaving his river journey through Appalachia with yet another voyage, thousands of miles away. With eloquence and compassion, Noah Adams paints a luminous

portrait of a land and a people as richly vital and complex as America itself. At the same time, his quietly personal chronicle captures the sheer magic of the flowing waters: their sound, their eddies, their utter unpredictability. A vibrant and unforgettable read, *Far Appalachia* mesmerizes and haunts like the bluegrass music that still rings through the mountains and valleys in which it was born. *The Andromeda Strain* meets *The Stand* in this startling and stunning thriller that brings to life a unique vision of the apocalypse and plays brilliantly with vampire mythology, revealing what becomes of human society when a top-secret government experiment spins wildly out of control. At an army research station in Colorado, an experiment is being conducted by the U.S. Government: twelve men are exposed to a virus meant to weaponize the human form by super-charging the immune system. But when the experiment goes terribly wrong, terror is unleashed. Amy, a young girl abandoned by her mother and set to be the thirteenth test subject, is rescued by Brad Wolgast, the FBI agent who has been tasked with handing her over, and together they escape to the mountains of Oregon. As civilization

crumbles around them, Brad and Amy struggle to keep each other alive, clinging to hope and unable to comprehend the nightmare that approaches with great speed and no mercy. . . . Eight-year-old Noah's problems seem easier to deal with if he doesn't think about them. So he runs away, taking an untrodden path through the forest. Before long, he comes across a shop. But this is no ordinary shop: it's a toyshop, full of the most amazing toys, and brimming with the most wonderful magic. And here Noah meets a very unusual toymaker. The toymaker has a story to tell, and it's a story of adventure and wonder and broken promises. He takes Noah on a journey. A journey that will change his life. The Sheriffs' Murder Cases is the initial volume in The Cumberland Mountain Trilogy, a series highlighting life the Kentucky Mountains during the early and middle decades of the 20th Century. Jacob Newton Herald, High Sheriff, or Chief Deputy, of Chinoe County from 1920-45, is the trilogy's central character, and the accounts are in his own words, or as nearly as his granddaughter Jennifer could copy down. Jake, as he was commonly known to friend and foe alike, received a B.A. Degree from Valparaiso University outside Chicago in 1914. He

subsequently applied and was admitted to medical school at the University of Louisville. He left that school with a year remaining, in order to fight in the Great War. He emerged from the war a heavily decorated soldier with the battlefield rank of Captain. He returned to his home county in the mountains, where he became involved in law enforcement, serving for a quarter century. In *The Sheriffs' Murder Cases*, Jake takes the County Sheriff's job for a shockingly immoral purpose and ends up trying to solve a series of puzzling murders. He enlists the aid of family members, deputizes friends and war buddies, and is led down many paths that build suspense and create the dramatic tension that propels the novel to its climax.

Keywords: Romance, Revenge, Action, History, War, Kentucky, Herald, Fiction, Iron Fist, Mystery, Veteran Charles Bernstein has described conceptual "poetry pregnant with thought." *Against Expression*, the premier anthology of conceptual writing, presents work that is by turns thoughtful, funny, provocative, and disturbing. Editors Craig Dworkin and Kenneth Goldsmith chart the trajectory of the conceptual aesthetic from early precursors such as Samuel Beckett and

Marcel Duchamp through major avant-garde groups of the past century, including Dada, Oulipo, Fluxus, and language poetry, to name just a few. The works of more than a hundred writers from Aasprong to Zykov demonstrate a remarkable variety of new ways of thinking about the nature of texts, information, and art, using found, appropriated, and randomly generated texts to explore the possibilities of non-expressive language. --Book Jacket.

The ancient world. A young girl, Ila, is found, injured after a violent raid. She is taken in by Noah and his family and grows up strong and happy – she even finds love with her soulmate, Shem, Noah's son. But when devastation comes to the world in the form of a huge flood, Ila and her new family are responsible for saving not only themselves but all life on earth. Against all odds they set off in the Ark, but all is not as it seems... As events unfold, Ila has to find the power within her to help Noah in his epic quest, and ultimately save humanity.

How do computers and robots change the meaning of being human? How do we deal with the epidemic of fake news? Are nations and religions still relevant? What should we teach our children? Yuval Noah Harari's *21 Lessons for the 21st Century* is a probing and visionary investigation into today's most urgent issues as we move into the uncharted territory of the future. As technology advances faster than our understanding of it, hacking becomes a tactic of war, and the world feels more polarized than ever, Harari addresses the challenge of navigating life in the face of constant and disorienting change and raises the important questions we need to ask ourselves in order to survive. In twenty-one accessible chapters that are both provocative and profound, Harari builds on

the ideas explored in his previous books, untangling political, technological, social, and existential issues and offering advice on how to prepare for a very different future from the world we now live in: How can we retain freedom of choice when Big Data is watching us? What will the future workforce look like, and how should we ready ourselves for it? How should we deal with the threat of terrorism? Why is liberal democracy in crisis? Harari's unique ability to make sense of where we have come from and where we are going has captured the imaginations of millions of readers. Here he invites us to consider values, meaning, and personal engagement in a world full of noise and uncertainty. When we are deluged with irrelevant information, clarity is power. Presenting complex contemporary challenges clearly and accessibly, *21 Lessons for the 21st Century* is essential reading. "If there were such a thing as a required instruction manual for politicians and thought leaders, Israeli historian Yuval Noah Harari's *21 Lessons for the 21st Century* would deserve serious consideration. In this collection of provocative essays, Harari . . . tackles a daunting array of issues, endeavoring to answer a persistent question: 'What is

happening in the world today, and what is the deep meaning of these events?"—BookPage (top pick) From the author of the New York Times bestseller *Before the Fall*, an intense, psychological novel about one doctor's suspense-filled quest to unlock the mind of a suspected political assassin: his twenty-year old son. As a rheumatologist, Dr. Paul Allen's specialty is diagnosing patients other doctors have given up on. His son, Daniel Allen has always been a good kid but, as a child of divorce, he is also something of a drifter. Which may be why, at the age of nineteen, he quietly drops out of Vassar and begins an aimless journey across the United States, shedding his former skin and eventually even changing his name. One night, Paul is home with his family when a televised news report announces that the Democratic candidate for president has been shot, and Daniel is the lead suspect. Convinced of his son's innocence Paul begins to trace his son's steps to see where Daniel, or perhaps Paul, went wrong, beginning a harrowing journey--about the responsibilities of being a parent and the capacity for unconditional love in the face of an unthinkable situation—that keeps one guessing until the very end. And yet we played on, because we had hope that we might be the lucky ones." In the early 1900s, teenaged Sunja, the adored daughter of a crippled fisherman, falls for a wealthy stranger at the seashore near her home in Korea. He promises her the world, but when she discovers she is pregnant--and that her lover is married--she refuses to be bought. Instead, she accepts an offer of marriage from a gentle, sickly minister passing through on his way to Japan. But her decision to abandon her home, and to reject

her son's powerful father, sets off a dramatic saga that will echo down through the generations. Richly told and profoundly moving, Pachinko is a story of love, sacrifice, ambition, and loyalty. From bustling street markets to the halls of Japan's finest universities to the pachinko parlors of the criminal underworld, Lee's complex and passionate characters--strong, stubborn women, devoted sisters and sons, fathers shaken by moral crisis--survive and thrive against the indifferent arc of history. *Includes reading group guide*

Zuckerberg From a renowned historian comes a groundbreaking narrative of humanity's creation and evolution—a #1 international bestseller—that explores the ways in which biology and history have defined us and enhanced our understanding of what it means to be “human.” One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, *Sapiens* integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural selection that have governed life for the past four billion years. We are acquiring the ability

to design not only the world around us, but also ourselves. Where is this leading us, and what do we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem. From the Bestselling Author of the hit Netflix series, Virgin River #1 New York Times bestselling author Robyn Carr delivers an emotional and triumphant novel about the fierce power of a mother's love. A summer rental, a new beginning... Hannah Russell's carefully crafted plans for her life have been upended without warning. When her best friend died suddenly, Hannah became guardian to a five-year-old named Noah. With no experience at motherhood, she's terrified she's not up to the challenge. She and Noah need time to get to know each other, so she decides to rent a country house with stunning views on a lake in rural Colorado. When they arrive at the house, they are greeted by the owner, a handsome man who promises to stay out of their way. But his clumsy Great Dane, Romeo, has other ideas and Noah immediately bonds with the lovable

dog. As Hannah learns to become a mother, Owen Abrams, who is recovering from his own grief, can't help but be drawn out of his solitude by his guests. But life throws more challenges at this unlikely trio and they are tested in ways they never thought possible. All three will discover their strengths and, despite their differences, they will fight to become a family. And the people of Sullivan's Crossing will rally around them to offer all of the support they need.

A "brilliant" (Lupita Nyong'o, Time), "poignant" (Entertainment Weekly), "soul-nourishing" (USA Today) memoir about coming of age during the twilight of apartheid "Noah's childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa's history that must never be forgotten."—Esquire Winner of

the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Times, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah's unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently

religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love. Marginalized by society and mistreated by her own family, Annah befriends a young man she's never seen before. Shem is captivated by Annah's courage, and he risks everything to help her gain her freedom. Trusting in the Most High, Annah marries Shem and joins her strange new family in their solitary faith that will ultimately separate them from an ancient world of amazing beauty and appalling violence -- a world fast approaching the unimaginable

catastrophe of the Great Flood. Out of this chaos, only eight people will survive. Their world is our world. Their future is our own. In the tradition of Daniel Wallace's *Big Fish* and Eowyn Ivey's *The Snow Child*, a gorgeously written and fable-like novel recasting Noah's Ark as a story of relationships, courage, resilience, and hope. "Variously romantic, symbolic, philosophical, feminist, and fanciful, this is an atmospheric tale that meanders to a sweetly rousing conclusion. . . . Forget the ark, forget the patriarch. It's the women who tend to triumph in this modern take on an Old Testament parable." – Kirkus Reviews

In loving Noah, his wife never imagined she'd end up in this gray and wet little town where it's been raining for as long as anyone can remember. Newly appointed as pastor, Noah is determined to bring the eccentric townspeople back to the church, but the members of his congregation only want to keep their homes afloat. As the water swallows up the houses, the renowned zoo, and the single highway out of town, Noah, his wife, and their new neighbors must confront not only the savage forces of nature but also the fragile ties that bind them to one another. Poignant and whimsical,

playful and wise, *Noah's Wife* challenges our expectations of love, commitment, and redemption. By reimagining this classic story in a new and modern light, the novel asks: how do we know when to stay and when it's time to go? A man travels to Israel to uncover a diamond's remarkable past in this vivid historical saga from the New York Times–bestselling author of *The Physician*. A diamond cutter and seller from a long, respected line of precious-gem dealers, New Yorker Harry Hopeman is intrigued by the story of the so-called “Jerusalem Diamond,” a magnificent yellow jewel rumored to date back to the biblical time of King Solomon. So when he's asked to broker a deal that will return the legendary gemstone to Israel, he eagerly accepts. Arriving in the volatile Middle East, Hopeman soon discovers that his assignment will be anything but easy. Representatives of the Holy Land's three major religions—Judaism, Christianity, and Islam—are all laying claim to the priceless jewel that once adorned the miter of Pope Gregory, and they will do anything to possess it. Partnering with Israeli government agent Tamar Strauss—a beautiful and courageous Yemenite war widow who inspires the visiting American's passion as

well as his respect—Hopeman is soon entangled in a web of mystery and intrigue that crosses continents and stretches back thousands of years. As the duo follows the twisting travels of the gem and the bloody conflicts it has ignited throughout its extraordinary past—a history that intertwines with Hopeman’s own family saga—the story of a breathtaking land and its people unfolds in all its drama and glory. International-bestselling author Noah Gordon—whose acclaimed historical novel *The Physician* was the inspiration for the major motion picture of the same name starring Ben Kingsley— “has packed a suspense tale with religious, historical and archeological underpinnings, along with fascinating insights into an industry whose conduct is generally shrouded from outside scrutiny” (*The Philadelphia Inquirer*). The host of *The Daily Show*, Trevor Noah, shares his personal story and the injustices he faced while growing up half black, half white in South Africa under and after apartheid in this *New York Times* bestselling young readers' adaptation of his adult memoir. “A piercing reminder that every mad life--even yours--could end up a masterpiece.” --JASON REYNOLDS, *New York Times* bestselling author

We do horrible things to one another because we don't see the person it affects. . . . We don't see them as people. Trevor Noah, host of The Daily Show on Comedy Central, shares his remarkable story of growing up in South Africa with a black South African mother and a white European father at a time when it was against the law for a mixed-race child to exist. But he did exist--and from the beginning, the often-misbehaved Trevor used his keen smarts and humor to navigate a harsh life under a racist government. In a country where racism barred blacks from social, educational, and economic opportunity, Trevor surmounted staggering obstacles and created a promising future for himself thanks to his mom's unwavering love and indomitable will. This honest and poignant memoir adapted from the #1 New York Times bestseller *Born a Crime: Stories from a South African Childhood* will astound and inspire readers as well as offer a fascinating perspective on South Africa's tumultuous racial history. **BORN A CRIME IS SOON TO BE A MAJOR MOTION PICTURE STARRING OSCAR WINNER LUPITA NYONG'O!** In the first book of the Shaw Confessions, the companion series to the New York Times bestselling Mara Dyer novels, old skeletons are laid

bare and new promises prove deadly. This is what happens after happily ever after. Everyone thinks seventeen-year-old Noah Shaw has the world on a string. They're wrong. Mara Dyer is the only one he trusts with his secrets and his future. He shouldn't. And both are scared that uncovering the truth about themselves will force them apart. They're right. Kidnapping. Enslavement. Murder. Those are only the tip of the iceberg when it comes to actions some will take to protect their interests in æther-oil, the coveted substance that fuels the city of Huile. As both veteran and private investigator, Marcel Talwar knows this firsthand, and he likes to think he'd never participate in such things. However, that naïve idea comes to a crashing end when he takes on a new case that quickly shatters his world view. A trail of evidence points to someone in Marcel's inner circle who's using him as a pawn to conduct grisly experiments-experiments that could lead to genocide. Now, Marcel is more determined than ever to discover who's pulling the strings to this sinister plot. But the further he gets, the larger the target on his back becomes, and it's not long before Marcel has to ask himself how much and how

many he's willing to sacrifice to get to the truth. IMMERSE YOURSELF IN THE WONDERS OF THE EARLY EARTH! Packed with action, adventure, and heartbreak, the second installment of the Remnant Trilogy continues the imaginative and respectful look at the life of this hero of the faith as God shapes him into the man who eventually saves humanity's future. As wickedness increases across the land, Noah and his loved ones endure painful consequences of a world bent on evil. King Lamech expands his rule through deception and force, but does his kindness toward Noah hint that things may change? Noah and Emzara explore their world and their eyes are opened anew to the creative genius of the Most High, yet mankind's wretchedness threatens to upend their peaceful corner of the world. While tracking down the perpetrator of a malicious crime, they are tested by tragedy and must decide if they will sacrifice everything for truth and justice. After years of serving God, Noah reaches a crisis of faith due to his mounting frustrations with the proliferation of sin and the apparent silence from the Creator. Thrust into a series of perilous situations, Noah's deepest convictions are challenged. His

response will direct his course and change the world forever. More than just a novel, Noah: Man of Resolve features non-fiction sections in the back of the book that provide answers to popular questions about the time in which Noah lived and explain where certain characters and events from the book can be seen at the Ark Encounter in Williamstown, Kentucky. Mara Dyer knows she isn't crazy. She knows that she can kill with her mind, and that Noah can heal with his. Mara also knows that somehow, Jude is not a hallucination. He is alive.

Unfortunately, convincing her family and doctors that she's not unstable and doesn't need to be hospitalised isn't easy. The only person who actually believes her is Noah. But being with Noah is dangerous and Mara is in constant fear that she might hurt him. She needs to learn how to control her power, and fast! Together, Mara and Noah must try and figure out exactly how Jude survived when the asylum collapsed, and how he knows so much about her strange ability... before anyone else ends up dead! In the year 1492, the Inquisition has all of Spain in its grip. After centuries of pogrom-like riots encouraged by the Church, the Jews - who have been an important part of Spanish life

since the days of the Romans - are expelled from the country by royal edict. Many who wish to remain are intimidated by Church and Crown and become Catholics, but several hundred thousand choose to retain their religion and depart; given little time to flee, some perish even before they can escape from Spain. Yonah Toledano, the 15-year-old son of a celebrated Spanish silversmith, has seen his father and brother die during these terrible days - victims whose murders go almost unnoticed in a time of mass upheaval. Trapped in Spain by circumstances, he is determined to honor the memory of his family by remaining a Jew. On a donkey named Moise, Yonah begins a meandering journey, a young fugitive zigzagging across the vastness of Spain. Toiling at manual labor, he desperately tries to cling to his memories of a vanished culture. As a lonely shepherd on a mountaintop he hurls snatches of almost forgotten Hebrew at the stars, as an apprentice armorer he learns to fight like a Christian knight. Finally, as a man living in a time and land where danger from the Inquisition is everywhere, he deals with the questions that mark his past. How he discovers the answers, how he finds his way

to a singular and strong Marrano woman, how he achieves a life with the outer persona of a respected Old Christian physician and the inner life of a secret Jew, is the fabric of this novel. *The Last Jew* is a glimpse of the past, an authentic tale of high adventure, and a tender and unforgettable love story. In it, Noah Gordon utilizes his greatest strengths, and the result is remarkable and moving. She's 27 and just hit rock bottom... Emma Miller's fiancé left her days before her meal delivery business went bust. Now she's broke, homeless and starting out all over again, weighed down with debt that isn't even hers. So when she learns she and her estranged sister, Ashley, have received an unexpected inheritance, she's thrilled. Now they can both move to Seahaven, California and run Brightview, her grandmother's rambling beachside bed & breakfast. She'll do the cooking. Ashley can tend the Cliff Garden, the attached acre of winding paths and flower beds that has been in their family for generations. With her money and family woes solved, who knows—maybe someday Emma will find love again, too. He's 33 and just hit it out of the park... Noah Hudson's life couldn't be better. He's sold his successful business

and can finally right the wrong he did years ago to his older brother's career. Andrew deserves his turn in the limelight, so Noah just bought one of the last undeveloped oceanfront lots in Seahaven. He'll give Andrew an unlimited budget to design and build a luxury vacation home that will land on the cover of every architectural magazine. While he's waiting for his new digs, Noah has found a handy living situation in the bed & breakfast next door. While Andrew pursues his dream, he can spend his days on his own passions: extreme sports photography. Emma is furious when she finds out Ashley sold their grandmother's garden to the newly minted millionaire renting one of her guest rooms—a very handsome millionaire who seems to have nothing better to do but surf, snap a few photos, and play havoc with her heart. Noah just realized what he left off his to-do list: find the woman of his dreams. Turns out she's his current landlady and about to be his next-door neighbor—if she doesn't kill him for destroying her grandmother's legacy first. Can Emma and Noah find a way to heal the past without ruining their future together? Time is finally running out. Mankind, with its wickedness and false religion, is

reaching a point of no return, and Noah must fulfill God's plan. Noah has experienced tragedy and loss yet has chosen to stand fast in his faith in the Creator. Judgment is approaching – but vengeance still stalks this righteous man who must do what has never been done to save the last remnants of this lost, antediluvian world. This is the final book in the popular Remnant Trilogy. Provides a unique perspective into the events of the Flood and the Ark Including fascinating connections to the popular Ark Encounter Answers important questions about historical and biblical details ? Is it the Father, the Son, and the Holy Ghost? No! It's the Marty Mann, the Liberal Jesus, and the Holy Smokin' Hot Nellie! Ooh, It's a Trilogy! Here's what people have said about the books in this hilarious, irreverent, series: ? Praise for Time Is Irreverent "Highly recommend. It's fun, clever, cool, witty, surprising, political, sexy, everything a sci-fi book should be. And as someone who's also written a sci-fi-time-travel-humor novel, I love that Marty Essen doesn't break the time rules he sets up from the start—so many sci-fi authors do, and as far as I'm concerned, that's just lazy writing. Not the case here! Yes, his

characters learn and adapt and grow, but the foundation of his rules remain intact always. To repeat: fun, witty, surprising, sexy. Highly recommend." —Jeff Abugov, writer, producer, director "Time Is Irreverent is a delightful romp that scores solid satirical points about religion, human nature, sex, the Trump administration, and a great deal more."—Tom Flynn, editor, Free Inquiry magazine "Ironic, original, hysterically funny, deftly crafted, and an impressively entertaining read from first page to last, Time Is Irreverent by Marty Essen is an especially and unreservedly recommended for community library Science Fiction & Fantasy collections. It should be noted for the personal reading lists of dedicated science fiction fans that Time Is Irreverent is also available in a digital book format."—Midwest Book Review "Time Is Irreverent is a well-written, well-paced novel peopled with solid, likeable characters. Marty Essen is a talented author who has managed to wrap several complex threads into a light, enjoyable narrative. I hope he will continue writing in the sci-fi genre and I look forward eagerly to his future works."—Charles Remington, Readers' Favorite Book Reviews ? Praise for Time Is

Irreverent 2: Jesus Christ, Not Again! "Time Is Irreverent 2 is a madcap blasphemous comedy of the most delightful sort.

Recommended for those whose tastes incline that way; if you loved Time Is Irreverent, run, don't walk, to consume this perfect sequel."—Tom Flynn, editor, Free Inquiry magazine "An excellent follow-up to the original, and this from someone who typically hates sequels! All the same great characters and more, plus Jesus—although not your mama's Jesus. The funny is funnier, the crazy crazier, and the politics even more in your face (in the good way!). If you loved the first, you've got to read the second.

Well done, Marty!"—Jeff Abugov, writer, producer, director "For those aficionados of entertaining, optimistic sci-fi, who have been avidly waiting for another Time Is Irreverent adventure—your wait is over.

Marty Essen has produced a fine follow-up to his first time traveling escapade and I hope that the likeable characters he has created will get many future outings. A great addition to a currently gloomy, pessimistic genre. I do not hesitate to recommend it."—Charles Remington, Readers' Favorite Book Reviews Publisher's Warning: This book is intended for a liberal audience and

features satirical content that may not be appropriate for Donald Trump supporters or those who are offended by views that challenge traditional religious beliefs. Common side effects include wide smiles, sudden laughter, and occasional snorts. Reader discretion is advised. In this sequel to *The Becoming of Noah Shaw*, the companion series to the New York Times bestselling Mara Dyer novels, legacies are revealed, lies are unraveled, and old alliances are forged. Noah's reckoning is here. Noah Shaw wants nothing more than to escape the consequences of his choices. He can't. He's sure the memories that haunt him are merely proof of a broken heart. They aren't. He thinks he can move forward without first confronting his past. He's wrong. Welcome back to Virgin River with the books that started it all... Reverend Noah Kincaid moved to Virgin River to reopen an abandoned church he bought on eBay. Like Noah, the place is a little empty inside, but all it may need is some loving care... The young widower arrives ready to roll up his sleeves and build a place of worship and welcome, but he needs some help. And the Lord works in mysterious ways. With her tight shirts and short skirts, pastor's assistant is not

a phrase that springs to mind when Noah meets brassy, beautiful Alicia Baldwin. The former exotic dancer needs a respectable job so she can regain custody of her children. And Noah can't help but admire her spunk and motherly determination. Noah and Alicia are an unlikely team to revitalize a church, much less build a future. The couple has so many differences, but in *Virgin River* anything is possible, and happiness is never out of the question. The recent translation of a Babylonian tablet launches a groundbreaking investigation into one of the most famous stories in the world, challenging the way we look at ancient history. Since the Victorian period, it has been understood that the story of Noah, iconic in the Book of Genesis, and a central motif in Judaism, Christianity and Islam, derives from a much older story that existed centuries before in ancient Babylon. But the relationship between the Babylonian and biblical traditions was shrouded in mystery. Then, in 2009, Irving Finkel, a curator at the British Museum and a world authority on ancient Mesopotamia, found himself playing detective when a member of the public arrived at the museum with an intriguing cuneiform tablet from a family collection.

Not only did the tablet reveal a new version of the Babylonian Flood Story; the ancient poet described the size and completely unexpected shape of the ark, and gave detailed boat building specifications.

Decoding this ancient message wedge by wedge, Dr. Finkel discovered where the Babylonians believed the ark came to rest and developed a new explanation of how the old story ultimately found its way into the Bible. In *The Ark Before Noah*, Dr.

Finkel takes us on an adventurous voyage of discovery, opening the door to an enthralling world of ancient voices and new meanings. "Loyalties are betrayed, guilt and innocence tangle, and fate and chance collide in this ... conclusion to Mara

Dyer's story"-- This New York Times Notable Book is a "sweeping historical drama" of a physician and his family on the Illinois frontier in the nineteenth century (The New York Times Book Review). Dr. Robert Judson Cole travels from his ravaged Scotland homeland, through the operating rooms of Boston, to the cabins of frontier Illinois.

In the wilderness he befriends the starving remnants of the Sauk tribe, who have fled their reservation. In the process, he absorbs their culture and learns native

remedies that enrich the classical medical education he received at Edinburgh University. He marries a remarkable settler woman he had saved from illness. The details of how their deaf son manages to become a physician also, despite his handicap, and the story of how the Cole family is sucked into the bloody vortex of the Civil War and survives, makes an exceptional reading experience. Dylan's mission: assist his Navy SEAL team as they infiltrate enemy territory and gather Intel on the new shifter pack called the Shadow Pack through distant observation. Blake's mission: infiltrate and live within the Shadow Pack and gather any useful information and data from the inside as one of them. One is a SEAL, and the other is a spy. Their missions were never supposed to cross, yet one fateful accident during a full moon intertwines their fates. Dylan finds himself in the middle of the Shadow Pack and under the charade that he's Blake's mate. They must learn to live and work together, or risk exposing both of their covers, and Dylan's team. Blake is charming, flirty, cocky, and irritating; yet Dylan finds himself strangely drawn to the man. Blake's strength of will and patience are put to the test, but Blake is patient, and

he's not willing to give up so easily. DISCLAIMER: FOR MATURE AUDIENCE ONLY
