Growing With Nov 23 2020 Many parents of a teenager or young adult feel as though they're guessing about what to do next--with mixed results. We want to stay connected with our maturing child, but we're not sure how. And deep down, we fear our child doesn't want or need us. Based on brand-new research and interviews with remarkable families, *Growing With* equips parents to take steps toward their teenagers and young adults in a mutual journey of intentional growth that trusts God to transform them all. By highlighting three groundbreaking family strategies, authors Kara Powell and Steven Argue show parents that it's never too early or too late to - accept the child you have, not the child you wish you had - work toward solutions rather than only identifying problems - develop empathy that nudges rather than judges - fight for your child, not against them - connect your children with a faith and church big enough to handle their doubts and struggles - dive into tough discussions about dating, career, and finances - and unleash your child's passions and talents to change our world For any parent who longs for their kids to keep their roots even as they spread their wings, *Growing With* offers practical help and hope for the days--and years--ahead.

Growing In Christ Feb 13 2020 Growth is very important in the existence of living things. As a matter of fact, every living thing grows. It is a sign of life. In Genesis, God instructed every living thing He made to grow and produce of its kind. Therefore, it is not just a pleasurable thing to grow, it is divine commandment. Likewise, every believer must grow in the faith as they relate with God and His Church. Failure to grow therefore, is unfortunate.

A Way Through the Wilderness Leader Guide May 18 2020 At one time or another, everyone has a wilderness experience, a time when life is barren and difficult and we feel alone and desperate, not knowing where to turn. Whether it's the loss of a loved one, a financial or health crisis, divorce, or some other painful experience, we see no end in sight and wonder how we can make it through another day. In the Scriptures we see that often God's people went through a wilderness experience, and these experiences changed them in profound ways. The truth is that it's impossible to go through the wilderness without being changed. There's a way through the wilderness that can leave us broken and bitter and far away from God. But there's another way through--God's way--that leaves us with a deeper faith and draws us closer to God than we ever imagined. With sensitivity and warmth, Rob Renfroe explores the wilderness experience--what it is, how we get there, why God allows it, and how we can get through it God's way so that we learn the lessons that can be learned only in the desolate seasons of life when we are totally dependent on God. The Leader Guide contains six session plan outlines, complete with discussion points and questions, activities, prayers, and more--plus leader helps for facilitating a group.
