Claudia Reuter left a promising corporate career to raise her two young children but realized, when re-entering the workforce, that the gap in her resume looked like a gap in ambition—not a purposeful plan. Instead of leaning into a corporate career and fighting the structures and systems designed by and for men decades ago, or leaning out and giving up income, Claudia took a different path. That decision ultimately led to success in the corporate world and at home. In Yes, You Can Do This! Claudia shares her own reasons for starting a business, and makes a call to action for women to consider entrepreneurship so that they can create businesses with the rules they want and change the playing field for others, making a significant impact in the world. More than a "How-to book" on building a business, Claudia provides clear examples and practical resources to help others create the life they want through entrepreneurship. In Yes, You Can Do This! you'll learn: How to develop and share your vision How to deal with stereotypes and unconscious bias How to leverage perceived weaknesses and turn them into strengths How to balance life at high speeds and avoid burnout How to cultivate the confidence to move from idea to creating a company with the culture and rules you want In Yes, You Can Do This! women are provided with an electrifying third career option: it's not just "lean in" or "lean out," but startup and

change the playing field for others in the process. Praise for Yes, You Can Do This! "Combining compelling storytelling with practical, tactical advice, Reuter has created a manifesto for the next generation of female founders. Rooted in the research around gender and work, this is a must read for women looking to launch the next new thing." - Jennifer McFadden, Associate Director of Entrepreneurial Programs, Yale School of Management "A must-read for any woman considering taking the leap into entrepreneurship, You Can Do This brings together today's best thinking about women in the workplace with practical advice for creating your dream career and life - by starting a company. Whether you are just curious or ready to take the leap, this book is a great read and a valuable resource." -Anna Barber, Managing Director, Techstars "Claudia helps not just the female entrepreneur, but all entrepreneurs, find their footing in what can be an overwhelming whirlwind of starting a business. This book is not only inspiring and uplifting, but positively necessary for any woman looking to find success in the startup space! -Shira Atkins, Co-founder & CMO Wonder Media Network "Stories of entrepreneurial success exist in abundance for men who receive 97.8% of venture funding and hold 95% of CEO roles. What is most inspiring about Claudia's book, making me want to shout from the rooftop, is that it is told from the perspective of an everyday woman who pushed hard through barriers, doubts, and setbacks that any entrepreneur would face. On top of all that, she overcame obstacles that are uniquely ours as women today. Claudia is now a standout among women, but with her book in hand, women who want to build a business to scale have a blueprint and path to do so. Here's to making dreams come true!" -Coco Brown, CEO and Founder, The Athena Alliance. "As I read through the book, there were multiple points where I thought, 'Every man in any startup or fast-growing business should read this.' As a man in technology, I took away a number of new ideas, along with examples that were explained in a way that I wouldn't have been able to do prior to reading Claudia's book" -Brad Feld, Managing Director, at Foundry Group, author of Venture Deals and Do More A book about the power of love and resistance from New York Times bestselling authors Becky Albertalli and Aisha Saeed. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. “The kind of book that can be life-changing.” —The New York Times “Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank.” —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF. In the spirit of Mindy Kaling's bestseller *Is Everyone Hanging Out Without Me?* or Judd Apatow's *Sick in the Head*, a collection of humorous, autobiographical essays from Kunal Nayyar, best known as Raj on CBS's #1 hit comedy *The Big Bang Theory*. Of all the charming misfits on television, there's no doubt Raj from *The Big Bang Theory*—the sincere yet incurably geeky Indian astrophysicist—ranks among the misfittingest. Now, we meet the actor who is every bit as loveable as the character he plays on TV. In this revealing collection of essays written in his irreverent, hilarious, and self-deprecating voice, Kunal Nayyar traces his journey from a little boy in New Delhi who mistakes an awkward first kiss for a

sacred commitment, gets nosebleeds chugging Coca-Cola to impress other students, and excels in the sport of badminton, to the confident, successful actor on the set of TV's most-watched sitcom since Friends. Going behind the scenes of The Big Bang Theory and into his personal experiences, Kunal introduces readers to the people who helped him grow, such as his James Bond-loving, mustachioed father. Kunal also walks us through his college years in Portland, where he takes his first sips of alcohol and learns to let loose with his French, 6'8" gentle-giant roommate, works his first-ever job for the university's housekeeping department cleaning toilets for minimum wage, and begins a series of romantic exploits that go just about as well as they would for Raj. (That is, until he meets and marries a former Miss India in an elaborate seven-day event that we get to experience in a chapter titled "My Big Fat Indian Wedding.") Full of heart, but never taking itself too seriously, this witty collection of underdog tales follows a young man as he traverses two continents in search of a dream, along the way transcending culture and language (and many, many embarrassing incidents) to somehow miraculously land the role of a lifetime.

Exploring the idea that truth lies in life's extremes, Mary Otis's elegantly crafted debut collection combines the hilarious with the tragic. These partially linked stories follow the strange and comic adventures of girls and women united by sexual longing and misplaced passions: falling in love with an older landlord, a young librarian, or a married neighbor; getting fired for teaching time incorrectly; and receiving guidance from a drunk therapist. Quirky and funny, yet deeply human, the stories in Yes, Yes, Cherries seek answers to the questions of whom we love and why, how we search for love, lose it, or find it — sometimes at the last moment and in the most unlikely places. "Young women can run the world. These are the stories of those who did..." @hillaryclinton "An excellent guide to the how and why of a life of public service."

Cameron Mitchell's "dish room to board room story" began when he was 16-years-old and started working as a dishwasher at a local Columbus, Ohio steakhouse. He realized he loved the restaurant business and set out to make it his lifelong career and knew he wanted to be the president of a restaurant company one day. In this book he tells the unvarnished tale of his rapid rise, a rags-to-riches story that any entrepreneur or restaurant enthusiast will love and learn from--Adapted from jacket. Shot the year following a friend's sudden cancer relapse and near-immediate death, the images echo my attempts to infuse my own life with some of the same determination, thoughtfulness, and grace that was ever-present in her life. The series was captured with recently-discontinued peel apart instant film on a fickle hand-me-down Polaroid Reporter camera. I was attracted to the unpredictability of both the film and the camera and how this seemed to echo the unpredictability of life, itself. The book features all 76 images, a collection of text by Julie Poitras Santos, and a conversation with Annie Mahon. JAMES BEARD AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY VOGUE • NEW YORK TIMES BESTSELLER "One of the great culinary stories of our time."—Dwight Garner, The New York Times It begins with a simple ritual: Every Saturday afternoon, a boy who loves to cook walks to his grandmother's house and helps her prepare a roast chicken for dinner. The grandmother is Swedish, a retired domestic. The boy is Ethiopian and adopted, and he will grow up to become the world-renowned chef Marcus Samuelsson. This book is his love letter to food and family in all its manifestations. Yes, Chef chronicles Samuelsson's journey, from his grandmother's kitchen to his arrival in New York City, where his outsize talent and ambition finally come together at Aquavit, earning him a New York Times three-star rating at the age of twenty-four. But Samuelsson's career of chasing flavors had only just begun—in the intervening years, there have been White House state dinners, career crises, reality show triumphs, and, most important, the opening of Red Rooster in Harlem. At Red Rooster, Samuelsson has fulfilled his dream of creating a truly diverse, multiracial dining room—a place where presidents rub elbows with jazz musicians, aspiring artists, and bus drivers. It is a place where an orphan from Ethiopia, raised in Sweden, living in America, can feel at home. Praise for Yes, Chef "Such an interesting life, told with touching modesty and remarkable candor."—Ruth Reichl "Marcus Samuelsson has an incomparable story, a quiet bravery, and a lyrical and discreetly glittering style—in the kitchen and on the page. I liked this book so very, very much."—Gabrielle Hamilton "Plenty of celebrity chefs have a compelling story to tell, but none of them can top [this] one."—The Wall Street Journal "Elegantly written . . . Samuelsson has the flavors of many countries in his blood."—The Boston Globe "Red Rooster's arrival in Harlem brought with it a chef who has reinvigorated and reimagined what it means to be American. In his famed dishes, and now in this memoir, Marcus Samuelsson tells a story that reaches past racial and national divides to the foundations of family, hope, and downright good food."—President Bill Clinton Washington Post Bestseller A new stand-alone adventure—appropriate for all ages—by Lemony Snicket, one of the twenty-first century's most beloved authors. It could be said to be a book of philosophy, something almost no one likes, but it is also a mystery, and many people claim to like those. Certainly Mr. Snicket didn't relish the dreadful task of solving it, but he had no choice. It was put in front of him, right there, on his plate. If God changes lives, why is mine stuck in the mud? After eight years of waiting for Piers Brandon, the wandering Marquess of Granville, to set a wedding date, Clio Whitmore has had enough. She's inherited a castle, scraped together some pride, and made plans to break her engagement. Not if Rafe Brandon can help it. A ruthless prizefighter and notorious rake, Rafe is determined that Clio will marry his brother—even if he has to plan the dratted wedding himself. So how does a hardened fighter cure a reluctant bride's cold feet? He starts with flowers. Ladies can't have too many flowers. Or harps. Or cakes. He lets her know she'll make a beautiful, desirable bride— and tries not to picture her as his. He doesn't kiss her. If he kisses her, he definitely doesn't kiss her again. When all else fails, he puts her in a stunning gown and vows not to be nearby when the gown comes off. And no matter what—he doesn't fall in disastrous, hopeless love with the one woman he can never call his own. Modern culture's worship of "how-to" pragmatism has turned us into instruments of efficiency and commerce—but we're doing more and more about things that mean less and less. We constantly ask "how?" and still struggle to find purpose and act on what matters. Instead of acting on what we know to be of importance, we wait for bosses to change, we seek the latest fad, we invest in one more degree. Asking how keeps us safe—instead of being led by our hearts into uncharted territory, we keep our heads down and stick to the rules. But we are gaining the world and losing our souls. Peter Block puts the "how-to" craze in perspective and presents a guide to the difficult and

life-granting journey of bringing what we know is of personal value into an indifferent or even hostile corporate and cultural landscape. He raises our awareness of the trade-offs we've made in the name of practicality and expediency, and offers hope for a way of life in which we're motivated not by what "works," but by the things that truly matter in life—idealism, intimacy, depth and engagement.
